Report of Independent Auditors

The Board of Governors
Orange County Community Foundation

Report on the Audit of the Financial Statements

Opinion

We have audited the consolidated financial statements of Orange County Community Foundation (the “Community Foundation”) and its supporting organizations, which comprise the consolidated statement of financial position as of June 30, 2022, and the related consolidated statements of activities and cash flows for the year then ended, and the related notes to the consolidated financial statements.

In our opinion, the accompanying consolidated financial statements present fairly, in all material respects, the financial position of the Community Foundation and its supporting organizations as of June 30, 2022, and the results of its operations and its cash flows for the year then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor’s Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Community Foundation and its supporting organizations and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Community Foundation and its supporting organizations’ ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the consolidated financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the consolidated financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Community Foundation and its supporting organizations' internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the consolidated financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Community Foundation and its supporting organizations' ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter

Report on Summarized Comparative Information

We have previously audited the Community Foundation and its supporting organizations' fiscal year 2021 consolidated financial statements, and we expressed an unmodified audit opinion on those audited consolidated financial statements in our report dated October 25, 2021. In our opinion, the summarized comparative information presented herein as of and for the year ended June 30, 2021, is consistent, in all material respects, with the audited consolidated financial statements from which it has been derived.

Orange County Community Foundation

Notes to Consolidated Financial Statements

Note 1 – Description of the Community Foundation

The Orange County Community Foundation (the “Community Foundation”) is a publicly supported, not-for-profit organization that incorporated in the state of California in September 1989. The Community Foundation serves as a partner and resource to not-for-profit organizations and donors improving the quality of life in Orange County and those who want to give back locally, nationally, and internationally.

The Community Foundation established OCCF Supporting Organization and Orange County Shared Spaces Foundation (its “Supporting Organizations”), which are under the Community Foundation’s effective control and are consolidated for financial statement purposes.

Note 2 – Summary of Significant Accounting Policies

Basis of presentation – The accompanying consolidated financial statements have been prepared using the accrual basis of accounting.

Principles of consolidation – The accompanying consolidated financial statements include the financial statements of the Community Foundation and its Supporting Organizations listed in Note 1 above. Inter-organizational transactions and balances have been eliminated in consolidation.

Prior-year information – The consolidated financial statements include certain prior-year summarized comparative information in total but not by net asset class. Such information does not include sufficient detail to constitute a presentation in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP). Accordingly, such information should be read in conjunction with the Community Foundation’s consolidated financial statements for the year ended June 30, 2021, from which the summarized information was derived.

Income taxes – The Community Foundation and its Supporting Organizations are exempt from income taxes under Section 501(c)(3) of the Internal Revenue Code (IRC) and Section 23701d of the California Code. The Community Foundation and its Supporting Organizations are required to report unrelated business income as defined under IRC Sections 511 through 515. The Community Foundation and its Supporting Organizations report unrelated business income tax expense when paid. Unrelated business income tax expense for the years ended June 30, 2022 and 2021, was \$35,000 and \$64,000, respectively.

The Community Foundation and its Supporting Organizations do not have any material uncertain tax positions. The Community Foundation and its Supporting Organizations file informational organization returns and applicable unrelated business income tax returns in the United States federal jurisdiction and with the Franchise Tax Board in the state of California.

Orange County Community Foundation Notes to Consolidated Financial Statements

Note 2 – Summary of Significant Accounting Policies (continued)

Recently adopted accounting standard – In September 2020, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2020-07, *Not-for-Profit Entities (Topic 958): Presentation and Disclosures by Not-for-Profit Entities for Contributed Nonfinancial Assets*. This standard requires not-for-profit entities to expand their financial statement presentation and disclosure of contributed nonfinancial assets, including in-kind contributions. The new standard was adopted by the Community Foundation on July 1, 2020, and applied retrospectively for all periods presented. Expanded disclosures are included in Note 13.

Cash and cash equivalents – The Community Foundation and its Supporting Organizations consider all highly liquid instruments purchased with an original maturity of 90 days or less to be cash equivalents.

Description of net assets – Contributions of cash and other assets are classified based on the existence or absence of donor-imposed restrictions as follows:

Net assets without donor restrictions – Net assets not subject to donor-imposed time restrictions or restrictions as to use. The bylaws of the Community Foundation include a variance provision giving the Board of Governors (the “Board”) the power to modify any restriction or condition on the distribution of funds for any specified charitable purpose or to specified organizations if, in the sole judgment of the Board (without the necessity of approval of the donor), such restriction or condition becomes, in effect, unnecessary, incapable of fulfillment, or inconsistent with the charitable needs of the community or area served.

The Board has designated net assets without donor restrictions for the following uses:

Designated for donor-advised grants – Funds designated for donor-advised grants are available for distribution upon recommendation by the donor.

Designated for discretionary grants – Amounts from annual appropriations of board-designated endowments and gifts without donor restrictions designated by the Board to provide perpetual support for community grant-making.

Net assets with donor restrictions – Net assets subject to donor-imposed time restrictions or restrictions as to use or requirements in which the corpus be maintained in perpetuity (endowment funds). The accumulation of assets above historic gift value in endowment funds is classified as with donor restrictions until appropriated for use based on the Community Foundation’s spending policy. Expirations of restrictions on net assets (i.e., the stipulated time period has elapsed) are reported as assets released from restriction. Contributions with donor restrictions that are met in the same year have been recorded as contributions without donor restrictions on the accompanying consolidated statement of activities.

Orange County Community Foundation

Notes to Consolidated Financial Statements

Note 2 – Summary of Significant Accounting Policies (continued)

Investments – Investments are presented in the consolidated financial statements at fair value.

Realized and unrealized gains and losses on investments are reflected in the consolidated statement of activities as investment income (loss) net of external expenses associated with the management of investments.

The fair value of fixed income investments is based on quoted prices in active markets for identical assets, or, if there are no such active markets, the fixed income investments are valued using quoted prices for similar assets or quoted prices in markets that are not active. Fixed income mutual funds, domestic equity securities, and mutual funds that hold equity securities are based on quoted prices in active markets for identical assets.

Alternative investments include limited partnerships, private equity funds, and interests in closely-held entities. The fair values of the limited partnerships and private equity funds are based on the net asset value (NAV) of the fund and the Community Foundation's shares/ownership interest in the respective fund. The fair value of interests in closely-held entities is based on appraisals and management's review and assessment of current financial statements of the entities that manage the respective investments.

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair values of marketable debt and equity securities are based on quoted market prices from national security exchanges. The fair value hierarchy requires an entity to prioritize the use of observable market-based inputs over the use of unobservable inputs when measuring fair value. An investment's categorization is based upon the lowest level of input that is significant to the fair value measurement.

Three levels of inputs are used to measure fair value of financial instruments:

Level 1 – Quoted market prices in active markets for identical assets or liabilities.

Level 2 – Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 – Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

Certain investments that are measured at fair value using the NAV per share (or the equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in the table in Note 4 are intended to permit the reconciliation of the fair value hierarchy to the amounts presented in the consolidated statement of financial position. Investments measured at fair value using NAV include limited partnerships and private equity funds. NAV amounts provided by external investment managers are adjusted for receipts and disbursements of cash and securities to the most recently available NAV date.

Orange County Community Foundation Notes to Consolidated Financial Statements

Note 2 – Summary of Significant Accounting Policies (continued)

The Community Foundation believes the carrying amounts of these financial instruments are a reasonable estimate of their fair value. For those investments that are not traded on a ready market, the estimated fair values may differ from the values that would have been used had a ready market for those investments existed.

Land, building, and equipment – Land, building, and equipment are stated at cost. Land, building, and equipment purchased at a cost of \$1,000 or more is capitalized. Depreciation for building and equipment has been provided using the straight-line method over the estimated useful life, which ranges from 5–39 years.

Impairment of long-lived assets – The Community Foundation evaluates long-lived assets for impairment whenever events or changes in circumstances indicate that the carrying value of an asset may not be recoverable. If the estimated future cash flows (undiscounted and without interest charges) from the use of an asset are less than the carrying value, a write-down would be recorded to reduce the related asset to its estimated fair value. To date, no such write-downs have occurred.

Grants and pledges payable – Grants and pledges payable represent unconditional commitments to other organizations that have been authorized prior to year end but remain unpaid at June 30, 2022 or 2021. Conditional grants and pledges are expensed and considered payable in the period the conditions are substantially satisfied. The Community Foundation had conditional grants and pledges payable of approximately \$50,000 and \$239,000 at June 30, 2022 and 2021, respectively, that are contingent upon the recipient organizations receiving additional contributions.

Due to other agencies – The Community Foundation accepts funds from unrelated not-for-profit organizations that desire to have the Community Foundation serve as the charitable steward for their endowment fund. A liability is recorded at the estimated fair value of assets deposited with the Community Foundation by not-for-profit organizations.

Revenue recognition – Contributions are recognized as revenue when received or unconditionally promised. Unconditional promises to give that are expected to be collected in future years are recognized as contributions receivable when the promise is made at fair value based on discounted cash flows. Amortization of the discounts is included in contributions on the accompanying consolidated statement of activities. Contributions of assets other than cash are recorded at their estimated fair value. Real estate contributed is recorded at fair value using a current appraisal on the date of the gift and is generally made available for sale as soon as practicable. Contributions of public stock are recorded at the mean of the quoted market price on the date the donation is received.

Orange County Community Foundation

Notes to Consolidated Financial Statements

Note 2 – Summary of Significant Accounting Policies (continued)

Contributions receivable – Contributions receivable to be received after one year are discounted at an appropriate discount rate commensurate with the risk involved. At June 30, 2022, approximately \$5,775,000 of contributions receivable are expected to be collected within one year and the balance of \$83,000 is expected to be collected after five years. At June 30, 2021, approximately \$7,498,000 of contributions receivable were expected to be collected within one year and the balance of \$654,000 was expected to be collected after five years. An allowance for estimated uncollectible contributions receivable will be recorded based on management’s judgment and analysis of the creditworthiness of the donors, past collection experience, and other relevant factors. Amounts are written off against the allowance when deemed uncollectible. Management has determined that no allowance for uncollectible contributions receivable was necessary as of June 30, 2022 and 2021.

The Community Foundation considers contributions receivable collectable within one year and that have no purpose restrictions to be without donor restriction.

Donor advised funds – The Community Foundation permits donor advisors to recommend allocation of their fund between a money market pool and approved investments. The asset allocation of any individual fund reflects the donors’ recommendations.

Special projects – Special projects expense represents charitable activities managed by the Community Foundation, often on behalf of donors who request that the Community Foundation exercise a heightened level of oversight regarding such expenditures.

Functional allocation of expenses – Expenses incurred by the Community Foundation which apply to more than one functional category are allocated as follows:

- Program services – Includes awarded grants, support, and education to other not-for-profit organizations, research on the local not-for-profit field, and philanthropic leadership;
- General and administrative – Includes expenses that benefit the Community Foundation as an entity, governance, management, and administration; and
- Fundraising and development – Includes originating and stewarding relationships with donors.

Expenses are allocated on a reasonable basis that is consistently applied. Salaries and benefits are allocated based on time spent on these functions by specified employees as estimated by management. Occupancy, technology, and other operating expenses are allocated on the basis of headcount. All other costs are charged directly to the appropriate functional category.

Use of estimates – The preparation of the consolidated financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the consolidated financial statements, and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Orange County Community Foundation Notes to Consolidated Financial Statements

Note 2 – Summary of Significant Accounting Policies (continued)

Subsequent events – Subsequent events are events or transactions that occur after the consolidated statement of financial position date but before the consolidated financial statements are available to be issued. The Community Foundation and its Supporting Organizations recognize in the consolidated financial statements the effects of all subsequent events that provide additional evidence about conditions that existed at the date of the consolidated statement of financial position, including the estimates inherent in the process of preparing the consolidated financial statements. The consolidated financial statements do not recognize subsequent events that provide evidence about conditions that did not exist at the date of the consolidated statement of financial position but arose after the consolidated statement of financial position date and before the consolidated financial statements are available to be issued. The Community Foundation and its Supporting Organizations have evaluated subsequent events through October 13, 2022, which is the date the consolidated financial statements are available for issuance.

Note 3 – Concentrations of Risk

Cash and cash equivalents – In the regular course of business, the Community Foundation may maintain balances in bank accounts in excess of the federally insured limits. The Community Foundation has not experienced any losses in such accounts.

Major contributions – For the years ended June 30, 2022 and 2021, contributions from the three largest donors each year represented 38 and 35 percent, respectively, of total contributions.

Investments – Investments are exposed to various risks, such as interest rates, market, and credit risk. Risk is managed through rigorous evaluation before an investment is made, quarterly monitoring of valuations, and regular communication with investment managers. It is at least reasonably possible, given the level of risk associated with investments, that changes in the near term could materially affect the amounts reported in the consolidated financial statements.

To address market risk of investments, the Community Foundation maintains a formal investment policy that sets out performance criteria, investment guidelines, and requires regular review of the investment managers' performance. Investments are managed by multiple investment managers who have responsibility for investing funds using various types of investment strategies. An investment consultant is also utilized.

	<u>\$ 306,986,000</u>	<u>\$ 60,733,000</u>		

(a) The strategies of investments in limited partnerships are summarized as follows:

	<u>Percentage of Fair Value</u>
Diversifiers – low-equity beta and growth oriented	21%
International equity	19%
U.S. equity	16%
Global equity	14%
Emerging markets equity	13%
Marketable real assets	9%
U.S. and global fixed income	<u>8%</u>
	<u>100%</u>

The fair values of the investments in this class have been estimated using the NAV per share of the investments.

Orange County Community Foundation Notes to Consolidated Financial Statements

Note 4 – Investments and Fair Value Disclosures (continued)

(b) The strategies of investments in private equity funds are summarized as follows:

	Percentage of Fair Value
Buyouts, distressed, secondaries, special situations, and credit strategy	46%
Venture and growth capital	27%
Private energy, minerals, mining, and life contingent assets	17%
Private real estate	10%
	<u>100%</u>

The fair values of the investments in this class have been estimated using the NAV of the Community Foundation's ownership interest in the total partners' capital of the fund. Assets are purchased and sold within the limited partnership as deemed beneficial to the partnership. Current distributions are utilized to offset capital calls, if any, and the balance is distributed to the limited partners. There are no early withdrawals. It is estimated that the underlying assets of 52 percent of this class will be liquidated over the next two to five years and the balance within the next 10 years.

Note 4 – Investments and Fair Value Disclosures (continued)

The significant unobservable inputs related to material categories of Level 3 investments at June 30, 2022, are as follows:

	Fair Value	Valuation Techniques	Unobservable Inputs	Range
Closely-held entities (a)	\$ 66,347,000	Company Valuation, Market Comparables, or Income Approach	Company Financials, General Partners' Estimates, or Market Yield	N/A*

* Not included due to the wide range of possible values given the diverse nature of the underlying investments.

(a) This class includes minority interests in closely-held entities in the real estate sector. Approximately 76 percent of this class represents unsecured Class A shares in a partnership that in turn owns shares in another closely-held entity that owns a real estate mixed-use development in Tracy, California, that will be part of a master planned community. The Community Foundation's valuation of the investment has been based on the discounted cash flows of the future redemption amount of the Class A shares which is equal to a four percent preferred return per annum on the contributed value. The discounted cash flow model is prepared by a third-party valuation specialist. The partnership's assets are valued based on an appraisal of the real estate. To date, the Community Foundation has received \$21.8 million from required redemptions of the Class A shares. The remaining shares are scheduled to be fully redeemed on December 31, 2022. In 2021, certain phases of the development were sold; however, this does not alter the redemption schedule of the remaining shares. The investment is subject to credit risk similar to any investment and changes in the near term could materially affect the valuation of the investment. Approximately six percent of this class represents a limited partnership interest in eight apartment complexes in California with an estimated timeframe for liquidation of greater than 10 years. Approximately three percent represents preferred membership interest in a Company that owns and renovates properties that serve homeless individuals and families throughout Southern California with an estimated timeframe for liquidation of less than 10 years. The balance of this class, approximately eight percent, represents an investment in Section 8 Property (low income housing). This investment will be liquidated upon refinance or sale of the property. The estimated timeframe for liquidation of this asset is one to two years.

While the Community Foundation and its Supporting Organizations believe their valuation methods are appropriate and consistent with those used by other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different estimate of fair value at the reporting date. The Investment Committee, in conjunction with the external investment consultant, monitors the valuation and performance of the investments on a quarterly basis. The Investment Committee reports to the Board of the Community Foundation.

Note 7 – Mortgage, Notes Payable, and Loan (continued)

In June 2013, the Orange County Shared Spaces Foundation entered into a note payable for \$500,000 on its building of which \$400,000 is owed equally to two members of Orange County Shared Spaces Foundation's Board of Directors and \$100,000 is payable to the Community Foundation. The \$100,000 owed to the Community Foundation is eliminated upon consolidation. The note payable is due June 30, 2023, bears interest at the rate of 4.0 percent per annum, is amortized over 10 years, and is payable in quarterly installments of principal and interest of \$15,000. The note payable is secured by the deed of trust and assignment of rents on the building. The liability is limited to the assets of Orange County Shared Spaces Foundation. The balance outstanding at June 30, 2022 and 2021, was \$48,000 and \$93,000, respectively.

At June 30, 2022, future annual principal payments under the mortgage and notes payable for the years ending June 30 are as follows:

Years Ending June 30,	
2023	\$ 93,000
2024	48,000
2025	50,000
2026	52,000
2027	55,000
Thereafter	<u>2,088,000</u>
Mortgage and notes payable	<u>\$ 2,386,000</u>

Interest expense for the years ended June 30, 2022 and 2021, was \$120,000 and \$124,000, respectively.

In May 2020, the Community Foundation qualified for and received a loan pursuant to the Paycheck Protection Program, a program implemented by the U.S. Small Business Administration under the Coronavirus Aid, Relief, and Economic Security Act, from a qualified lender, for an aggregate principal amount of \$443,000. The Community Foundation applied for and was formally given forgiveness for the full amount of the loan on November 25, 2020. The outstanding balance was recognized as a gain from loan forgiveness on the consolidated statement of activities during the year ended June 30, 2021.

Note 8 – Net Assets

Net assets are comprised of the following at June 30, 2022 and 2021:

	2022	2021
Without donor restrictions		
Designated for donor-advised grants	\$ 332,495,000	\$ 302,617,000
Designated for discretionary grants	3,369,000	3,893,000
Undesignated	2,538,000	2,778,000
Total without donor restrictions	338,402,000	309,288,000
With donor restrictions		
Restricted in perpetuity – endowment	134,733,000	132,605,000
Restricted and subject to the Community Foundation's spending policy	30,578,000	44,139,000
Restricted for the passage of time	6,000	563,000
Endowment funds with deficiencies	(202,000)	(13,000)
Total with donor restrictions	165,115,000	177,294,000
Total net assets	\$ 503,517,000	\$ 486,582,000

Net assets with donor restrictions – The Board of the Community Foundation has determined it holds assets which meet the definition of endowment funds under the Uniform Prudent Management of Institutional Funds Act (UPMIFA). As a result of this interpretation, the corpus of endowment funds subject to UPMIFA is classified as net assets with donor restrictions. The corpus represents the fair value of the original gifts as of the gift date and all subsequent gifts where the donor has indicated the gift be retained in perpetuity. The value of assets in excess of original gifts in donor-restricted endowment funds are also classified as net assets with donor restrictions until appropriated for expenditure by the Community Foundation.

Funds with deficiencies – From time to time, certain donor-restricted endowment funds may have fair values below historic gift value. At June 30, 2022, the Community Foundation had endowment funds with deficiencies with an original fair value of \$5,901,000 at the date of the gift and a current fair value of \$5,699,000. At June 30, 2021, the Community Foundation had endowment funds with deficiencies with an original fair value of \$427,000 at the date of the gift and a current fair value of \$414,000. Deficiencies between original fair values and current fair values are reflected in net assets with donor restrictions on the accompanying consolidated statement of financial position.

The Community Foundation considers the following factors in making a determination as to the appropriation of assets for expenditure: (1) the duration and preservation of the fund, (2) the purposes of the donor-restricted endowment fund, (3) general economic conditions, (4) the possible effect of inflation and deflation, (5) the expected total return from income and the appreciation of investments, (6) other resources of the Community Foundation, and (7) the investment policy of the Community Foundation.

Orange County Community Foundation

Notes to Consolidated Financial Statements

Note 8 – Net Assets (continued)

The Community Foundation has adopted investment and spending policies for endowed assets that attempt to provide a predictable stream of funding for operations and granting while seeking to maintain the purchasing power of the endowed assets. The investment and spending policies work together to achieve this objective.

The investment policy establishes a reasonable return objective through diversification of asset classes. Under the investment policy, as approved by the Board, the endowed assets are invested in a manner which attempts to achieve, after fees and expenses, a reasonable rate of return consistent with the risk levels established by the Investment Committee for all endowed assets held in perpetuity. To accomplish the long-term rate-of-return objectives, the Community Foundation relies on a total return strategy in which investment returns are achieved through both capital appreciation (realized and unrealized) and current yield (interest and dividends). The Community Foundation targets a diversified asset allocation to achieve its long-term return objectives within prudent risk constraints.

The spending policy determines the amount of money to be distributed annually from the Community Foundation's various endowed funds for grant-making and operational support. The Community Foundation has a policy of appropriating for distribution as of January 1 of each year. The Community Foundation's Board approved a spending policy of 4.5 percent of its endowed assets' average fair value over the prior 16 quarters for 2022 and 2021. In establishing these policies, the Community Foundation considered the long-term expected return on its endowed assets.

The Community Foundation expects the current spending policy to maintain the purchasing power of the endowed assets as well as to provide stable support to the community.

Changes in endowment net assets for the years ended June 30, 2022 and 2021, are as follows:

Note 9 – Retirement Plan

The Community Foundation has a defined-contribution plan covering substantially all employees. Employees are eligible to participate in the plan beginning on their first day of employment. The Community Foundation matches up to one percent of the annual compensation of the participants. In addition, an annual contribution is calculated at a specified percentage of salary for eligible employees, up to statutory limits. Retirement plan expenses for the years ended June 30, 2022 and 2021, were \$184,000 and \$130,000, respectively, and are included within salaries and benefits in the classification of functional expenses in Note 14.

Note 10 – Guarantees and Subsequent Events

In August 2019, the Community Foundation provided a \$700,000 guarantee to a bank on behalf of an unrelated not-for-profit 501(c)(3) organization as collateral for a \$500,000 loan due in full on August 20, 2022, and a \$200,000 revolving line of credit. As of June 30, 2022, \$250,000 is outstanding on the loan and nothing is outstanding on the line of credit. Amounts paid on the loan and the revolving line of credit are interest only with payments due monthly. The loan term was extended and is due in full on October 20, 2022. The guarantee is limited to \$700,000 and the Community Foundation will be released from its obligation under the guarantee when the loan is repaid. The Community Foundation is negotiating a renewal of the guarantee in an amount not to exceed \$450,000.

Notes to Consolidated Financial Statements

Note 11 – Commitments and Contingencies

Aggregate future minimum rent payments required under operating leases for office space that have a non-cancelable lease term in excess of one year were \$377,000 and are due in the year ending June 30, 2023.

Rent expense for the years ended June 30, 2022 and 2021, was \$514,000 and \$515,000, respectively, and is included within occupancy expense in the classification of functional expenses in Note 14.

Note 12 – Liquidity and Availability

Financial assets available for general expenditures without donor or other restrictions limiting their use within one year as of June 30, 2022 and 2021, are comprised of the following:

	<u>2022</u>	<u>2021</u>
Cash and cash equivalents	\$ 71,088,000	\$ 59,258,000
Investments	263,275,000	200,123,000
Contributions receivable	5,676,000	6,626,000
Other assets	<u>1,326,000</u>	<u>908,000</u>
Total financial assets available for use	<u>\$ 341,365,000</u>	<u>\$ 266,915,000</u>

As part of the Community Foundation's liquidity management, it structures its financial assets to be available as its general expenditures, liabilities, and other obligations become due. The Community Foundation invests cash in excess of daily requirements in short-term investments and money market funds.

Note 13 – Contributions of Nonfinancial Assets

Contributions of nonfinancial assets for the fiscal years ended June 30, 2022 and 2021, included in the consolidated financial statements were as follows:

	<u>2022</u>	<u>2021</u>
Real estate	<u>\$ 1,468,000</u>	<u>\$ 5,360,000</u>

Real estate – The Community Foundation strives to sell all contributions of real estate as soon as it can unless restricted for use in a specific program by the donor. The Community Foundation values each real estate gift at fair value based on qualified appraisals or recent comparable sales in the geographical market that the real estate is located. If a property is sold within a short period after receipt of the gift, the valuation assigned to the gift is based on the sales price.

There were no donor restrictions associated with the contributions of real estate for the years ended June 30, 2022 and 2021.
